SUMMARY

Data Analyst with 3 years of experience turning messy data into business decisions. Expertise in SQL, Python analytics, and dashboarding. Delivered insights directly influencing \$1.2M revenue decisions at two companies. Comfortable with ambiguous problems and stakeholder communication.

SKILLS

Analytics: SQL (advanced), Python (Pandas, NumPy, Seaborn, Plotly), R

BI Tools: Tableau, Power BI, Looker, Google Data Studio

Databases: MySQL, BigQuery, Redshift, Snowflake

Other: Excel (Macros, Pivot), A/B Testing, Statistical Hypothesis Testing, dbt

EDUCATION

B.Sc. in Statistics — University of Mumbai

2021 Score: 87%

EXPERIENCE

Data Analyst — OYO Rooms

Jun 2022 – Present

- Built a real-time revenue analytics dashboard in Tableau used daily by 15 city-level managers, reducing report generation time from 3 hours to 10 minutes.
- Ran 40+ A/B experiments on pricing and search ranking algorithms; insights contributed to a 9% uplift in hotel booking conversion.
- Wrote complex SQL pipelines on BigQuery to track funnel metrics across 200+ cities; automated weekly reporting saving 8 hrs/week.
- Identified anomalous cancellation patterns in Tier-2 cities using cohort analysis, enabling targeted policy changes that reduced cancellations by 17%.

Junior Analyst — Nielsen IQ

Aug 2021 – May 2022

- Cleaned and transformed 10GB+ of retail panel data weekly using Python and SQL for FMCG client deliverables.
 - Created market share and trend reports for 5 FMCG brands using Tableau, delivered to C-suite stakeholders.
-

PROJECTS

IPL Analytics Dashboard

Tech: Python, Pandas, Plotly, Streamlit

Interactive dashboard analysing 15 seasons of IPL data with player performance trends, win probability charts, and venue analysis. 800+ views on LinkedIn post.

E-commerce Customer Segmentation

Tech: Python, K-Means, RFM Analysis, Seaborn

Segmented 500K customers using RFM + K-Means clustering. Identified high-value dormant segment leading to a targeted email campaign with 34% open rate.

CERTIFICATIONS

- Google Data Analytics Certificate (Coursera)
 - Tableau Desktop Specialist
-

ACHIEVEMENTS

- Analyst of the Quarter – OYO Q2 2023
- Presented insights at OYO's annual data conclave
